## International Kinesiology Conference Bergamo, Italy - April 28th (from 2 pm) to May 1st (12.45 am)

### Coming Together in Times of Chaos

When you read the headlines in the news, it is easy to feel divided. Lines are being drawn based on race and religion in a way many of us wouldn't have dreamed was possible just a few years ago. In these times, it becomes more important than ever for us to stand together.

The upcoming Meeting of Associations and Conference in Bergamo give us an opportunity to come together, reinforce friendships and work on projects that can benefit our industry as a whole.

Have you had a chance to visit the conference website? Bios for the complete list of speakers are up and the registration form is available for download. There are video clips from a few of our featured presenters, such as Charles Krebs and Irina Chobanu, going into their chosen topics with a little more depth and giving you another reason to join us in Italy. You will also find a lot of practical details to register etc. Keep reading on the following page for more details about the 'Connecting Through Kinesiology' Conference!

Philip and Sylvia are among those who will be joining us in Bergamo and we can't wait!

### Website photos

Do you have great photographs of kinesiology in action, or of some of our Members spending time together? We are looking for unique art for our new website. Please make sure that you have permission from anyone in the picture for it to be used on our website. Our favorites will be available for viewing at the Meeting of Associations in Bergamo so attendees can pick the ones that best represent our association.

## Connecting Through Kinesiology in Bergamo!

*Bergamo is an Italian city northeast of Milan, in the Lombardy region. Its older upper district, called Città Alta, is characterized by cobblestone streets, encircled by Venetian walls and accessible by funicular. It's home to the Duomo di Bergamo, the city cathedral. Also here are the Romanesque Basilica di Santa Maria Maggiore and the grand Cappella Colleoni, a chapel with 18th-century frescoes by Tiepolo. Our Italian colleagues will organize a visit of this beautiful city in the evening of April 27th :-)*

**My Best Idea:** There are still some spaces open in the schedule for 'My Best Idea' presenters. This allows for participants to briefly share a technique or thought that could benefit other kinesiologists. Time slots are usually kept to around ten/15 minutes. If you have an idea you would like to share, please send your proposal to the IASK Board ([home-office@iask.org](mailto:home-office@iask.org))

**Elections to the Board:** Speaking of the IASK Board, this is an election year. Two members of the Board are standing for reelection this year. We also have room for others to join our group since we have two vacancies. Would you like to help IASK move ahead in 2018? Submit your name for nomination and a letter of motivation before the AGM, April 30th. Please write to: [home-office@iask.org](mailto:home-office@iask.org)
